

ABOUT US

Nail Ltd was founded in 1994 as a manufacturer of nails.

Now it is a strong and dynamic company which offers the widest range of nails in Ukraine. Along with the traditional types like building, finishing and roofing nails the company produces special nails – loose and in coils – which are used in manufacturing of wooden tare and pallets. We also produce EPAL nails for the pallet industry.

The head office and production facilities are located in Khmelnytskyi.

Quality and responsibility are our priorities. In everything we do, we are driven by what matters to our customers most. This is why we are using advanced manufacturing technology to ensure superior quality and reliability of our products. Our customers from *European Union* and *Ukraine* trust our exceptional service and have been doing business with us for years.

OUR ADVANTAGES

We are sure that you will receive only the best products from us and you will be happy with your choice, because we have a number of significant advantages:

1. **Years of experience.** For over twenty years, the company has been successfully operating on the market of industrial goods. During this period we have learned to satisfy the needs of not only Ukrainian but also foreign consumers.

2. **Proven quality.** All our products are certified and have a stable association on the market only with the words “excellent” and “high-quality”. Since 2012, we constantly confirm the quality of the nails for pallets in international organizations of EPAL and UIC. So becoming our client once, you will be so pleased with your choice that your cooperation with us in the future is guaranteed.

3. **Modern equipment (ENCOTEC LINES).** We always follow the advanced technologies in production and try to introduce them in our company for further improvement of the process.

Contact us, and you will be convinced in it on your own experience!

The leading manufacturer
of loose and coiled nails in
Ukraine

LOOSE NAILS

Loose smooth nails are available in 5-kg boxes and 1-kg polyethylen packages. Also can be zinc plated.

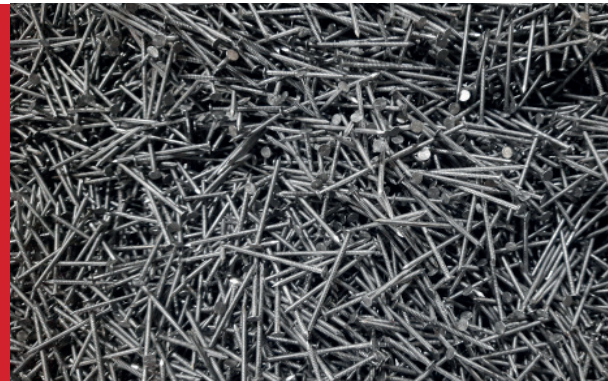

Nails sizes have diameters from 1,2 mm till 6,0 mm and length from 20 mm till 200 mm.

Loose ring nails we produce in diameters from 2,1 till 3,4 mm.

Loose screw nails can be in diameters 3.1 mm and 3.4 mm.

These nails are available in 20-25 kg boxes.

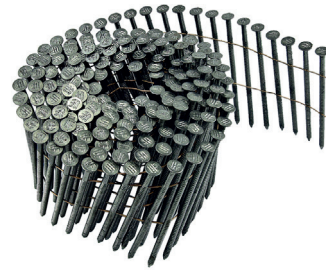

Loose finishing nails have diameters from 1,2 mm till 5,0 mm and length from 15 mm till 140 mm.

Can be plated with white or yellow zinc.

EPAL NAILS

Our production of *loose and coiled EPAL nails* is possible in sizes:

- 2.8 x 40 (UH marking on a head)
- 3.4 x 70 (UG marking on a head)
- 3.4 x 90 (UF marking on a head)

To avoid magnetism of nails for pallet lines we offer loose EPAL in big boxes 700 - 900 kg.

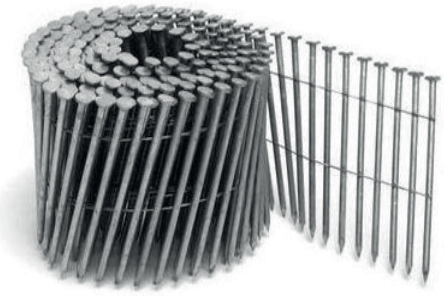

The quality of the nails for pallets are confirmed in international organization of EPAL.

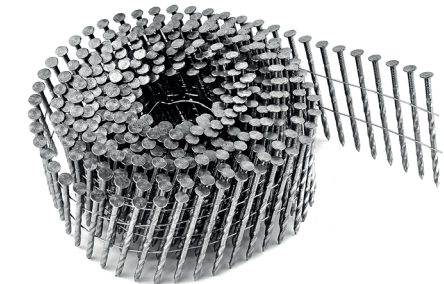

NAILS IN COILS

Coiled smooth and ring nails we produce in diameters from 2,1 till 3,4 mm.

Length varies according to the diameters from 27 till 110 mm.

Screw nails in coils are available in diameters from 2,8 till 3,1 mm.

These affordable screw nails are typically used in hardwood and dense materials construction for increased withdrawal capacity.
